The Non-Slip

# Belt & Tie Hanger (2 pack)

Belts and ties are tricky items to store. If you fold them, they become creased and you waste valuable time ironing or trying to get the kinks out. If you roll them up, they take up lots of valuable storage space and can become tangled and untidy.

The Belt & Tie Hanger is the perfect solution. It takes up far less than the space of one normal clothes hanger, but solves all these problems. They are made from lightweight, ultra-thin ABS plastic and are coated in a special nylon coating to prevent items falling to the ground. The clever curved prong design can carry anything from belts and ties, to scarves even jewellery and other accessories.

Product dimensions:	H 262mm x W 163mm x D 5mm
Quantity per box:	2
Box Dimensions:	H 266mm x W 163mm x D 12mm
Carton dimensions:	H 340mm x W 280mm x D 80mm
Product Colour:	Black
Country of manufacture:	China

Materials:	ABS, Felt, Steel
Recyclable:	No
Packaging:	Cardboard sleeve
Recyclable:	Yes
