Fold up Hanger

The Fold Up Hanger is the ultimate product for maximising the use of what is normally "dead space".

It can be used under the stairs, in the shed, in the wardrobe and behind any door to name but a few locations.

Application of the product is simple and the patented, award winning design will hold up to 5.5Kgs in weight which is the equivalent to 6 heavy coats.

The Fold Up hanger is also perfect for organising belts and ties while being a useful aid when doing the ironing. When not in use it folds away neatly taking up just 1cm of space.

Product dimensions:	H 160mm x W 180mm x D 16 mm
Box Dimensions:	H 187mm x W 205mm x D 21 mm
Carton dimensions:	H 240mm x W 400mm x D 210 mm
