The

Mop & Brush Catcher

Research has shown us that most people do not really have a storage solution for mops and brushes and that they are generally just put someplace that is not very convenient. They often get knocked down and fall as they are not secured. This situation leads to accidents around the house, particularly with young children

This can all change thanks to the Tidi Mop and Brush catcher.

Either attach to a door or wall via suction cup or screws and watch how the clever design uses the mop or brush's own weight against itself to grip and hold it firmly in place, allowing them to always be stored safely and close to hand.

Product dimensions:	H 80mm x W 320mm x D 30mm
Box Dimensions:	H 320mm x W 80mm x D 32mm
Carton dimensions:	H 230mm x W 410mm x D 200mm
Product Colours:	Opaque Blue
Country of manufacture:	China

Materials:	PP, PVC, Steel, Rubber, Silicone
Recyclable:	PP & Steel Yes
Packaging:	PVC box & Card inlay
Recyclable:	Box, No. Inlay, Yes
